Transform your
hospital operations
and improve profitability

Powered by

Microsoft Azure

Treat your patients more effectively at
**reduced cost and improve the overall
patient experience.**

Microsoft Partner

The Healthcare industry globally is becoming more patient focused and agile. In India, a big move towards towns and villages is driving the need for primary care centers to attend patient needs. For any technology that needs to support this, it needs to be nimble, lightweight, scalable and most importantly cost effective.

myNapier is a cloud based Hospital Information System from Napier Healthcare in association with Microsoft®. It is fully configurable with complete self-service functionality.

myNapier leveraging the features of
Microsoft Azure

- myNapier is hosted on MS Azure
- Usage of SQL DB as a Service
- Role based access control with Azure Active Directory and Resource Manager
- Self-service diagnostics
- Auto scale of Azure VM

Deliver superior care to transform patient experience

Patient Administration

- Prevent revenue leakage and pilferage
- Definable workflows

MEDICAL CARE DELIVERY

- Context aware clinical suggestions
- Enhanced interoperability
- Improved data security

BUSINESS INTELLIGENCE

- Better strategic planning and decisions
- Real time operational analytics

About myNapier

myNapier is brought to you by Napier Healthcare, a company headquartered in Singapore.

We have learnt to work with Hospitals since 1996 and understood that they need faster access to information, delight their patients by increasing face time with them, reduce discharge time, improve profitability and utilise their resources efficiently.

myNapier is a cloud hosted solution that delivers on these critical business requirements at an affordable price point yet comes with premium quality of service, something that only a world class player like Napier can deliver. No wonder that even global analysts like KLAS found Napier to be among Top 3 preferred vendor in Asia.

Call us today if you want premium quality from an international brand and yet with attractive payment options.
